Date: 19th November 2014

Place: Delegation of the Basque Country to the EU
Rue des Deux Églises / Tweekerkenstraat, 27/
B-1000 Brussels, Belgium

PAPIRUS INTERNATIONAL MARKET EVENT

SESSION 1

During the first session of the PAPIRUS International Market Event Tecnalía Research & Innovation being the project Coordinator will present the PAPIRUS project, its' main objectives and general description along with technologies that are in the interest of PAPIRUS tender.

Following, Mr. Miguel Ángel Bernal Blay a Lecturer of Administrative Law at the University of Zaragoza and Executive Manager of Spanish Observatory of Public Procurement will present the evaluation criteria and process of PAPIRUS Public Procurement of Innovation.

Moving on to the presentation of the pilot buildings that will be refurbished in the frame of PAPIRUS Project each demonstration partner (ATC Torino - Italy, Landratsamt Enzkreis - Germany, Sesto Berri 2010 SA - Spain, Oslo Kommune - Norway) will present the pilot building. Additional time for questions will also be considered.

SESSION 2

The second session has been designed to be an interactive dialogue between public procurers and the participating suppliers. Suppliers representing particular technology will be asked to participate in a 30 minute brainstorming discussion aimed to advice public bodies how to rationally determine the conditions of the specifications. This discussion shall contribute to the correction of inaccuracies in the formulation of specifications. Suppliers will be encouraged to discuss the evaluation criteria so they will have influence on the criteria weights. It will be the participating companies that shall provide the public bodies with advice which may be useful in the refinement of the tender documents. Following groups (30 minutes each) are planned within the second session which are devoted to technologies that:

- 1) Reduce the energy losses through buildings opaque envelope;
- 2) Reduce energy losses in winter and solar gains through window in summer
- 3) Technologies that provide good quality natural day-lighting;
- 4) Solutions that store thermal energy increasing the thermal comfort and shifting heating & cooling peak loads;
- 5) Technologies for light weight prefabricated panels with low specific CO2 emissions.

SESSION 3

During the third session which will run parallel to second session, participating companies will have a chance to individually present their products to the PAPIRUS Consortium. This dialogue between public bodies and suppliers will be beneficial for both parties. Public procurers will gain deep knowledge on available innovative solutions whereas suppliers will have a chance for introducing their products on the European markets. In order to present your product to the PAPIRUS Consortium please download the presentation template from the project website and send it to administrator@papiрус-project.eu by the 13th of November 2014.

WHILE SESSION 2 AND 3 TAKE PLACE DO NOT MISS THE OPPORTUNITY TO DO SOME NETWORK ACTIVITY AND PARTNER SEARCH !!!

Date: 19th November 2014

Place: Delegation of the Basque Country to the EU ,
Rue des Deux Églises / Tweekerkenstraat, 27/
B-1000 Brussels, Belgium
